

Prayer meeting – April 7th 2019

We prayed into the areas that we began praying for last month, i.e the nation and the prophetic word given to Kingsway regarding the river God wants to release here.

We prayed for hidden corruption in the nation and parliament to be exposed and for demonic agendas to be broken. For change in the hearts of the people in this nation.

We also prayed for the church across the land to be a voice to the nation again.

We prayed about parliament and the need for a righteous voice to arise.

We spent time praying for the fellowship about the river God wants to release and about us becoming individually and corporately a new wineskin.

Prophetic words

A picture of a pick-axe being hammered down onto concrete that needed to be broken up and the Lord reminded Jackie of the work being done presently near her. Powerful machines are clearing away the old concrete foundations and the polluted soil before anything can be built anew. The Lord wanted us to know that he desires to move mightily to clear corruption that has polluted our land and society. Hearts need to be changed in the church and in the land. Then he can build anew. He won't build on contaminated foundations.

A vision was given of a guy in a garden chopping a tree with an axe and it made no difference. A woman carving a chicken with a knife but it wasn't cutting. The instruments were blunt. The Lord was saying that we his people need to sharpen up!
